Message sent to Gro Board members, CC to town officials for posting, and Bcc to 2016 gardeners

Hi everyone,

All of us busy harvesting and getting ready for the Fall to settle in on us and our gardens.

Next Tuesday, the 13th of September at 6 PM at the Community Garden, we will have an extra meeting, (a short one) to address two issues which are time sensitive and really should not wait until our next scheduled meeting on the 22nd of this month.

Normally we would be meeting on the 15th (third Thursday of the month), but we would not have a quorum available for that date.

The Agenda for the meeting is:

- Vote for small shed purchase to accommodate tool and equipment storage over the Winter
- Update on preparations for gardener pot luck get together.

This should be a quick meeting, (30 minutes maximum) as we will be deferring all other business to the meeting scheduled for the 22nd.

Only other thing to share is thanks to those who could make it out on these last two Tuesday evening to get some garden cleanup done. We will be out there again tonight. Please join us for the one hour. It all makes a difference and counts to your required volunteer requirement to keep next years plot cost down.

If Tuesdays are not good for you, let us know when is and we will set up a hour work group at that date and time. So much to get done.

Wayne

Wayne Desroches
President Gro South Hadley
